## Auto Tune – WL68

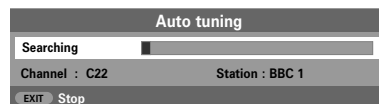

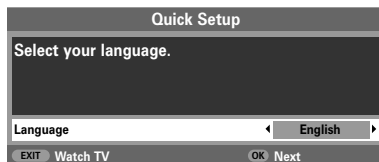

- 1** Plug the aerial directly into the AERIAL INPUT on the television set. Ensure all other products are in standby before continuing.
- 2** Connect the television to the mains, the red LED will light up. The **Quick Setup** screen will appear, this may take a few moments. If the screen does not appear press the standby button on the remote control.
- 3** Using **left** or **right** select your language and press **OK**.
- 4** Using **left** or **right** select your country and press **OK**.

The search will begin for all available stations. The slide bar will move along the line as the search progresses.

***You must allow the television to complete the search.***

When the search is complete the TV will automatically return to programme position 1 and the **Manual tuning** screen will appear.

- 5** Press **EXIT**. Auto tuning is now complete. To select programmes press the number buttons.

In some areas of the UK duplicate TV stations are received, simply re-order using the Manual tuning feature. For details of this and further operations plus equipment connections please refer to the TV Owner's Manual.
